FOUR TEMPERATURES ADAPTED TO THE NEEDS OF YOUR FAMILY

Water at 45° which is commonly used for making teas & infusions and for heating milk for baby bottles

The RO Detox portable device is the most complete in the market, thanks to its five main functionalities:

Purifying Functionality: Eliminates sediments and chemical components from the water

Hydrogenation Functionality: It provides a high level of Hydrogen to the final drinking water.

Alkalinizing Functionality: Balances the PH of the water providing calcium, magnesium and potassium.

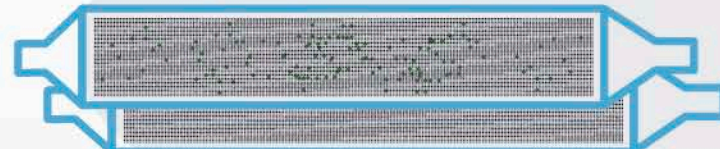

Disinfection Functionality: Thanks to its Ultra Violet lamp that eliminates possible bacteria.

Thermal Functionality: Four temperature settings. Natural (Room-temperature), 45°, 85° and 95° (C)
